How to Add Bookmarks

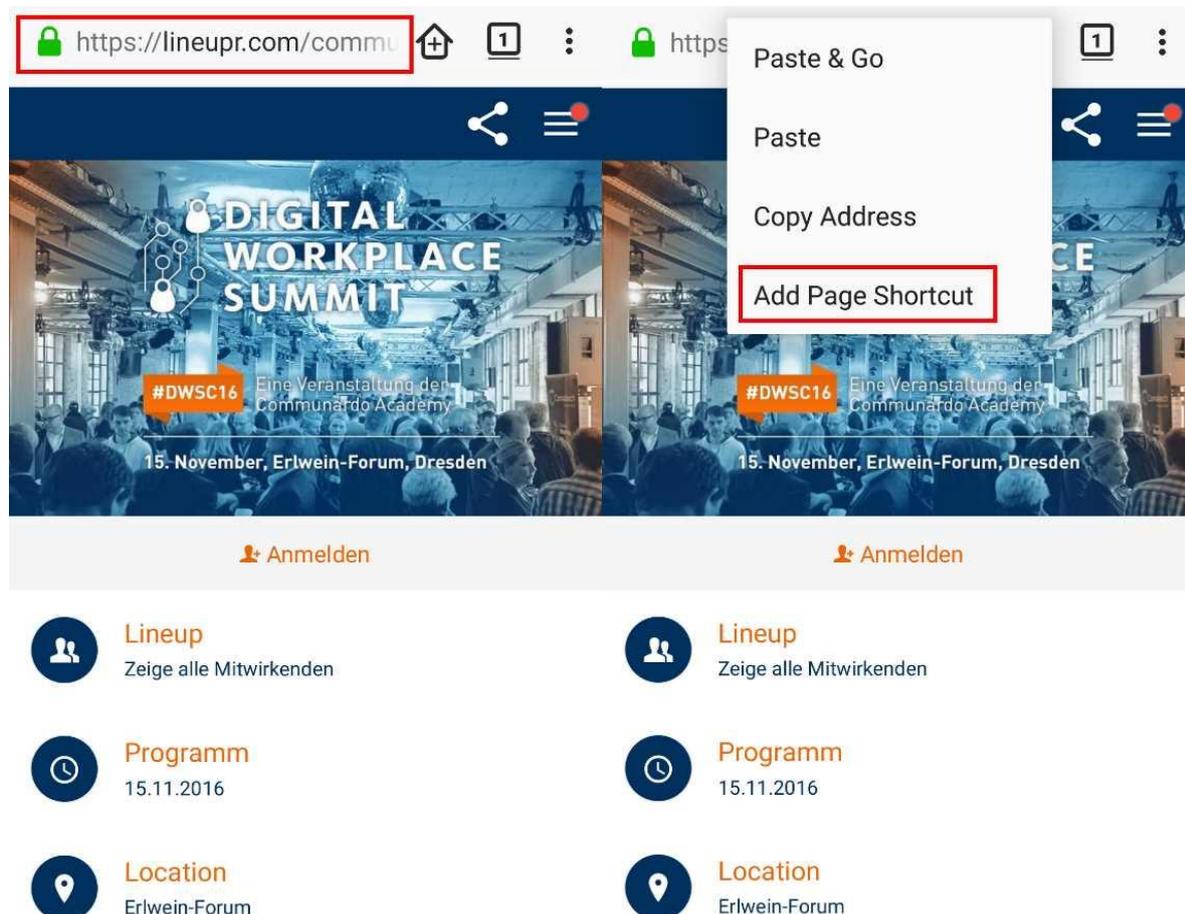

How to Bookmark to Home Screen at Android

Chrome Browser

1. Open the Chrome app on your phone.
2. Next, enter the URL for the page or app you would like to bookmark.
3. Next, tap on the Menu button (the three dots) in the upper right corner.
4. This will open a new menu. Here you have to touch „Add to Home screen“.
5. You can now edit the subtext of the bookmark or add it directly via „Add“.
6. Done. The bookmark is set on your home screen.

Firefox Browser

1. Open the Firefox app on your phone.
2. Next, enter the URL for the page or app you would like to bookmark.
3. Next, tap and hold the address bar for several seconds.
4. This will open a new window with two possible options. Touch „Add to Home Screen“.
5. Done. The bookmark is set on your home screen.
